

About Us

Dr. Lisa Powell is a board-certified nurse practitioner and earned her Doctor of Nursing Practice in May 2018. Prior to earning her doctorate, Dr. Lisa worked for 10 years as an emergency room nurse.

After working for a year as a practicing nurse practitioner in family practice, Dr. Lisa discovered her calling to work with pediatric patients and their families. She spent two years at a pediatric clinic prior to opening The Pediatric Clinic in Arlington, TN in July 2021.

Friday 8:30 am - 5 pm

Our Vision and Mission

Our vision and mission is to create a pediatric clinic in the Arlington area that will allow children to be seen in a compassionate and safe environment, while providing quality health and wellness education to their parents.

Our clinic is dedicated to providing your family with quality care by assuring that each patient receives individual, personal attention. We accomplish this standard through close collaboration between our staff, our patients and their families. Our providers and staff are recognized for compassion, experience, knowledge and their commitment to excellence.

Why Choose Us

Being sick is no fun. Getting poked is not fun.
We try to use combination vaccines when possible to lessen the number of pokes our patients receive.

Our experienced providers and staff will treat your child, and make the visit fun!

Dr. Lisa Powell, DNP, FNP, has nearly 10 years experience in the emergency room and advanced training in a pediatric clinic. Our amazing staff has many years of experience in pediatrics.

My child is sick, and so am I!

When your child is sick, and you catch it too, we can see both of you! We save you a trip to another doctor, and you can all go home and rest.

At The Pediatric Clinic, KIDS are at the heart of everything we do.

We accept most major health insurances plans and some Medicaid plans.
